

## 2018 Sun Belt Football Media Day

July 23, 2018

### Texas State Quotes

#### Head Coach Everett Withers

##### *Opening Statement:*

"Everyone wants to talk about the quarterback position. You know we got three guys that are going to compete for the quarterback job. Willie Jones, who played a little for us last year, will probably take the first snaps for us when we start on the third (of August). Jaylen Green had a great offseason with us. Then we have a freshman everyone in our city is excited about named Tyler Vince so this will be the first year we have three guys who are going to compete for that job."

#### Aaron Brewer (Jr., OL)

##### *On young teammates that he is excited to see perform this season:*

"Actually, they all have jumped out to me to be honest. They all came in strong, they're all working hard. They all came in with no holding back. All the freshmen, they're listening, they're grinding."

#### Bryan London (Jr., DL)

##### *On how coaches motivated him to score in the classroom and on the field:*

"Just genuine care. They just cared about us as people. Between him and Coach McCray, that was my position coach, and now Coach Woods. They just like care about you, they genuinely want to see you succeed. They talk to me about my family. They have talks about stuff outside of football. It just makes it easier to want to be great and go win for guys like that."
